

## FAITH

Circumstance of nature  
leaves the seed ignored  
warmth and rain will come  
faith is not necessary

But I have faith in the seed.

Circumstance of nature  
turns my hair gray  
as I ignore change  
faith is not necessary

But I have faith in time.

Circumstance of nature  
infects my aging body  
as I lose hope  
I seek an expert

I must find faith.

Strangers bring forth comfort  
and time erases doubt  
this circumstance of nature  
eases my pain

My faith is reborn.

Support flows from family  
as the familiar stranger  
eliminates my unfortunate  
circumstance of nature

I know the seed will grow.
